Subject: RE: West Lake OU-1 Monthly Progress Report - July 2015

Mr. Vann,

Attached is the monthly status report for OU-1. Due to the size of the electronic files, the analytical laboratory reports for the air monitoring analytical results and the Phase 1D samples results received during this period are being transmitted separately via the electronic file transfer service, WeTransfer. Please contact us if you have any questions.

Thank-you, Paul.
